ADVENTIST CHURCH

Rufus B. McDannell, Pastor
Sabboth School Lesson No. 8 for May 22, 1971.
Subject: Putting Off The Old, Putting on The New.
Key Text Scripture,–"And be ye kind one to another.-tender hearted, forgiving one another, even as God for Christ's sake hath forgiven you." Ephesians 4:32.
The apostle Paul well understood the importance of spiritual maturity and experience in the believer. He proceeded to give instruction to the saints as to what they should be and do in their role in the church with a message to all the world. Paul knew that a deeply spiritual church is composed of deeply spiritual members.... Think on the Writer: "In his ministry, Paul was often compelled to stand alone. He was especially taught of God and dared not make no concessions that would involve Principle. At times the burden was heavy, but Paul stood firm for the right."--Acts of the Apostles, page 199.
Lesson Outline.-I. Abandon the Old, Eph.4:17-19. 2. Old Way Not Learned of Christ, Eph. 4:20-22. 3. Put the New Man, Eph. 4:23,24. 4. Put Away Lying and Anger. Eph. 4:25-27 5. Put off Stealing, and Bad Language, Eph. 4:28-29. 6. Grieve Not the Holy Spirit Be Kind. Eph. 4:30-32.
"God Will not make men and women channels of light - while they are in darkness and are content to remain so. Making no special efforts to connect with the source of light...There is much for each to unlearn with respect to himself, as well as much to learn. Old Habits and customs must be shaken off, and it is only by earnest struggle to correct these errors, and a full reception of the truth in carrying out its principles, by the grace of God that the victory can be gained." Testimonies - Vol. 4 pp485, 486.
'Learned Christ" in Eph. 4:30 -22 the Apostle Paul implies not of a magical name but to come to know both Christ and

His way of life". Please read Rom. 13, 14, that was another way of expressing the adoption of a new way of life. It was not merely knowledge but a new moral attitude to life.
"We should not think that unless those who have injured us confess the wrong we are justified in withholding from them our forgiveness. It is their part, no doubt, to humble their hearts by repentance and confession; but we are to have a spirit of compassion toward those who have trespassed against us, whether or not they confess their faults." Thoughts from the Mount of Blessings", page 113,114". The right culture and use of the power of speech has to do with every line of Christian work; it enters into the home life and with all our intercourse with one another.

Eye Donor Program

Richmond – Several Virginia Lions Clubs have adopted a new method of urging their fellow citizens to sign up as eye donors.
An electronic audio - visual device, resembling a TV set, is being employed by the clubs in public places to show a two-literature and eye donor cards literature filmets which asks its viewers to co-operate in the Lions sight-restoration program by pledging the donation of their eyes, on death, for corneal transplant operations.
Each viewing machine is incorporated in an attractive display which offers the passerby and invites him to push the start button at the front of the device which will activate the two-minute full-color presentation.

Plans Begin For Regional Muse

The Greater Lynchburg Chamber of Commerce April 8 introduced "The Lynchburg Plan" for developing a regional museum concept for the proposed Virginia Museum of Science.
The Lynchburg Plan would pattern the museum after the Virginia Community College System, thereby, bringing the maximum enjoyment and use to the greatest number of Virginians.
The plan was disclosed by the Chamber of Commerce to the Board of Trustees of the Science Museum of Virginia during a luncheon meeting at the Fine Arts Center.
Dr. S. A. Burnette, Jr., President of the Central Virginia Community College and chairman of the Museum of Science Task Force of the Chamber of Commerce, presented Burnette's case to the Trustees.
Dr. Burnette said the science visualizes a museum of the future, better being expanded by the year 2000 to include a planetarium such as the Blackwell Planetarium in Roanoke, program prosed for the Lynchburg, a research center for gifted high school students and an observatory and museum.

Fountain In Blue Hawaii

The Junior class borrowed the fountain apparatus from Fred Jones Well Drilling and as the photo shows, achieved a lovely setting for "Blue Hawaii", the Jr.-Sr. Prom Friday night at Appomattox County High School. Blue iris became Hawaiian "orchids" at the King and Queen's throne with skilled handiwork providing other colorful flowers over the outside of the fountain and on small tables skirting the dance floor. These young workers were transformed by dance time into graceful dancers with good looking partners with the newest looking gowns and tux with ruffled shirts, etc.

Stonewall HD

The Stonewall HD Club held its regular monthly meeting Thurs., May 13, 1971 at the home of Mrs. Helen Thomas with 12 members present and one visitor.
The meeting was called to order by Mrs. Helen Thomas, president.
Miss Lelia Mayton gave the devotions.
Miss Lelia Mayton told the club about the Central Virginia Speech and Hearing Center. Appomattox County enjoys the services of the center, but does not contribute to the support. The planing committee felt the Home Demonstration Clubs would want to be envolved in raising $3,000 for a piece of equipment for the center. They hope to raise $100 from the clubs by June 10th. A guideline of 25¢ per member has been suggested. Club members agreed to take part in the project.
Miss Mayton reminded us of the following dates on our June and July calendars.
Monday, May 24 – There will be the leaders training meeting for the June topic "Gift Making for Giving and Selling. It will be held at the entension office from 1:30 to 3 p.m.
July 20-22 –The annual conference of the Virginia Federation of Home Demonstration Clubs will be held at V.P.I. A Family Resource Conference is being conducted at the same time.
The business meeting was adjourned with the Homemakers' Creed and Prayer.
The topic of the demonstration was "Use and Care of the Blender" given by Jean Stratton.
A social hour followed when the hostess served delicious refreshments.

VEPCO 'WALKS TIGHTROPE' SAYS CO. PRESIDENT

It is impossible to satisfy fully all of the conflicting interests and demands now facing electric utilities, T. Justin Moore, Jr., president of Virginia Electric Power Co. told the company's shareowners in Richmond.
"Utilities today are walking a tight rope between the consumer who wants to pay less and the investor who wants more, not to mention the worker who is in favor of higher wages", Mr. Moore said.
"But we do try to make sure that our rates are reasonable in view of our operating costs, that good reliable service is provided both for today and tomorrow, and that the environment is disturbed as little as possible in the process."
